MH-2645

MAUSER
SPEZIAL

Premium single needle lockstitch sewing machine with drop feed, needle feed and alternating top feed for accurate material transport. Equipped with energy efficient, fully integrated 750W sewing drive and built-in electronic control for electromagnetic thread trimmer, electro-pneumatic sewing foot lift and backtacking.

To ensure a high quality stitch formation and appearance, the MH-2645 comes standard with a second, switchable thread tension and a switchable second foot stroke, For ease of operation, the machine is equipped with an integrated, dimmable LED sewing light and a foot lift of 20mm to allow easy material loading and handling.

Suitable for all sewing operations in medium-heavy material such as upholstery, automotive, leather goods and technical textiles.

Integrated 750W sewing drive with on-board control panel. Power consumption 0,7kVA

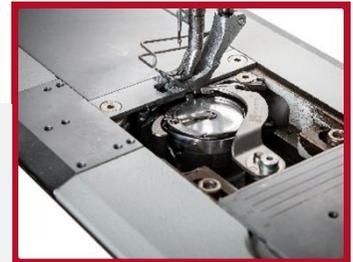

Integrated, LED sewing light. Sewing foot lift of up to 20mm.

Stroke adjustment by hand dial. Integrated switch for second stroke height

Extra large XXL-vertical sewing hook. 32mm bobbin for more thread capacity.
